

Design an Outfit to Be Seen in the Dark

You are going to design an outfit that can be seen easily in the dark.
You should:

- label your outfit to show what materials it is made from;
- colour in your outfit to show what colours it is;
- make sure your outfit stands out from the crowd.

Junior Road Safety Officer - Autumn Newsletter

Welcome to our first JRSO newsletter.

This term's theme is **Be Safe Be Seen**. In the coming months, the evenings will become increasingly darker and therefore it is more important than ever to wear bright or reflective items, so that cars are able to see you near the road.

Take a look at our noticeboard to see how you can keep yourself safe this winter.

Congratulations to this year's Penbridge JRSOs!

Y1 - Mubasshira, Sebastian, Oscar, Amelia

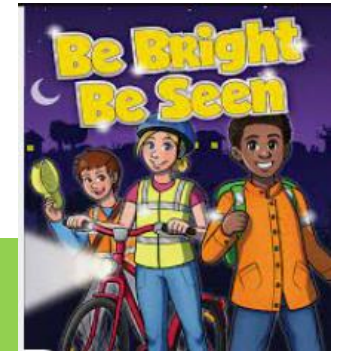

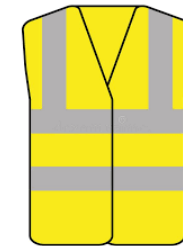

Y2 - Iwinosa, Berrie, Sonu, Penny

Y3 - Taylor, Karina, Kaiden, Harry

Y4 - Poppy, Evelyn, Mason, Amia

Y5 - Scarlett, Emily, Azimah

Y6 - Eva, Tilly, Honar-Mai, Mollie

On the back of the newsletter we have a 'Be bright, be seen' challenge. Create an outfit that would allow you to be seen by motorists on a dark evening. Return your design to your JRSO and a selection will be displayed on our notice boards. Good luck!
